

BAINES CAMP

The lodge, named after the famed nineteenth century explorer and artist, Thomas Baines is located on the Boro River, in the 260,000 acre private concession, neighboring the Moremi Game Reserve. The camp features 5 suites set on elevated platforms with wooden decks offering expansive views over the permanent water of the Boro River.

The area is superb for viewing all animals and bird species. Guests may explore by land in open-sided 4 X 4 vehicles, often into the night, to discover nocturnal species or by water (offered most of the year, subject to water levels). Explore water safaris at the gentle pace of a poled mokoro or by especially adapted safari motorboats. Guest may choose to explore on foot with skilled, armed professional guides. This unique and educational tour is available at an additional cost.

The suites feature a luxury bedroom, en-suite facilities & private viewing deck. The four-poster beds are fully mobile, giving guests the choice to slumber under star laden skies. Each room is equipped with a hairdryer, ceiling fan, in-room safe and minibar.

The main area features an oversized deck for outdoor dining and views over the beautiful lagoon. There is a swimming pool with 2 thatched sala's on either side.
