

LAGOON CAMP

delicious meals are served in the thatched dining room overlooking the tranquil waters of the lagoon.

Lagoon Camp lies on the shady banks of the Kwando River among tall and ancient African Ebony and Marula trees, under the watchful gaze of the resident hippos. Over the years, many of our guests have commented that Lagoon Camp stands out as one of the most beautiful settings of any safari camp. There is a guest pool in which to cool off during the hot months. Freshly prepared

The shady, treed environment of the camp hosts a great variety of birds and squirrels that visit daily. A family of hippo and an elephant or three are regularly sighted from the tents. This contributes to the relaxed calm that prevails at Lagoon. The predators are also well represented by lion, hyena, leopard, cheetah and wild dog. Lagoon is famous as the best venue in Africa for wild dog viewing as the dogs have denned near the camp every year of the camps existence. Among the great variety of antelope species found at Lagoon, the endangered Sable and Roan are often seen. Seasonally, large herds of elephant drink almost daily at the river bank in front of the camp, in full view of the guests. The big herds attract big predators. The lions of Kwando are famous for their elephant, hippo and buffalo kills. Playful spotted necked otters are commonly seen performing in the Lagoon right in front of the tents.

Lagoon Camp accommodates only 16 guests in 8 twin bedded luxury safari-style tents. Each tent looks out over the water and has private en-suite facilities, including 24 hour hot and cold running water, open-air showers, flush toilets and modern amenities.

Morning and night game drives are conducted by our specialist guides and trackers in open safari vehicles. This area is home to huge herds of elephants and buffalo. There are few places in Africa where such concentrated numbers of these animals exist, especially in the dry season. Boat cruises along the Kwando River provide excellent opportunities for birding. We also offer specialist fly fishing and spinner fishing for Tiger

fish and Bream. Some excellent catches have been made by Kwando guests. Lagoon's complement of staff are there to look after you quietly and efficiently, so as to ensure a relaxing, peaceful stay.
