

LITTLE VUMBURA

Little Vumbura is situated on an island in a private concession in the northern reaches of the Okavango Delta, in the same region as its sister camp, Vumbura Plains. It is a beautiful six-roomed tented camp shaded by the canopy of an ancient Okavango forest. Surrounded as it is by water and lying close to large rivers, water-based activities are a focus with mokoros

traversing the floodplains under the guidance of experienced polers, and motor boats the permanent channels. A plunge pool and reading area overlook the floodplains and a star deck leads off the dining area.

Game viewing is consistently good all year round with lion, leopard, elephant, sable and buffalo along with extensive plains game providing an excellent all-round wildlife experience in this remote corner of the Delta.

Each tent is large and roomy and has en-suite facilities.

Game drives in open Land Rovers allow guests to get close to animals in the savannah areas. Walks (on request) around the islands are an opportunity to enjoy Africa from a different perspective.
