

# Ol Donyo Wuas

Located on the slopes below Chyulu National Park is Ol Donyo Wuas Lodge, which looks up to Kilimanjaro and over the open savannahs that make Kenya famous. Ol Donyo Wuas forms the core of a new, sustainable model for conservation which ensures protection of the area's wildlife through an innovative sharing-of-benefits scheme with the local community and the creation of conservancies. The Trust ensures the link between community upliftment and that a prospering wildlife population is maintained.

Some of the projects the Trust is involved with include: **The Maasailand Predator Compensation Program, The Amboseli/Tsavo Game Scout Association, The Chyulu Rhino Project, The conservancy Initiative, and The Mbirikani Group Ranch Mobile Clinic and Health Center.**

Ol Donyo Wuas Lodge has only ten sumptuous and spacious suites. Eight of our 'Pool Suites' have private swimming pools while the two 'Standard suites' are similar in design and comfort but without private pools. All bedrooms have en-suite bathrooms with a view, including indoor and outdoor showers and a romantic bath. Above each bedroom is the secluded 'star-beds' sleep-out area upstairs where guests can, on request, have beds set up for the night. Also, the Lodge has four suites that can be booked out as private villas or family suites.
