

Constance Lodge

Constance Lodge is on an Island, small in size, conducive to seclusion, calm and exclusivity. An Island where one is refreshed and regenerated in a timeless setting, in order to discover one's own tempo, no pressures, no constraints. It is an Island with no news, no television and no telephone (except for your personal mobile phone). An Island with no dress code other than the pareo, and bare feet, in order to experience the regenerating contact with the sand, even at the bar... An

Island without any sound in the background other than that of the waves and the birds; an Island with colorful sunsets "spread against the sky". An Island where one pampers oneself by resting, by relaxing, with sports, massages and a healthy diet made up mainly of sea food. An Island with a small house, on your own, with simple amenities but cozy. An Island, all your own, just for you.

There are 25 bungalows of a surface of 45 square meters, looking out on the sea with private terrace built from rosewood with a thatched roof. Every bungalow is unique, each one bearing the name of a flower, a tree or a fish. It consists of the main bedroom equipped with fans, a bathroom with shower, and a separate W.-C, a private terrace with deck chairs and coffee table. They are built on two beaches: North and South. Children under the age of 4 years are not allowed for security reason.

Constance Lodge Tsarabanjina team offers you many sport activities. Most of them are included in the cost of the stay. These activities include snorkeling, kayaking, hobby cat, water-skiing, sailing, volley ball, bocci games, walks round the island, fishing (payable), the tennis court, table tennis, board games, excursions to discover the Mitsio Archipelago (payable), and massage

and reflexology (payable). Diving is another activity that is offered. For beginner or experienced divers alike, our PADI dive club will make you discover the famous Mitsio coral reefs. All scuba diving activities are charged separately.
