

# The Residence

With its kilometer-long beach of powdery white sand, The Residence Mauritius is one of the most beautiful jewels of the international hotel scene. From the majestic hall, step out onto the terrace and feast your eyes on the spectacular view that seems to stretch out into infinity. Its interior décor is a subtle blend of beige tones and exotic woods, highlighted by hand chosen oriental antiques. The Residence Mauritius, with its elegant colonial style, is in perfect harmony with the intense

turquoise of the ocean. It allows you to unwind in tranquility far removed from the stresses of life. The cooling shade of palm trees in the exotic gardens offers a welcome retreat from the sun-drenched beach and your private butler will attend to your every wish and ensure an unforgettable stay.

The decoration of the 135 rooms and 28 suites is an inspired blend of sobriety and elegance. The sun's dance on the shutters sifts into the interior to create a melody of light and dark, picking out harmonies of honey-colored woods and wrought iron, highlighting nuances in the sandy tiles. In the bathrooms marble and wood are elegantly combined. Reliving the magnificence and splendor of yesteryear's palaces, a butler is assigned to each room and suite. He will unpack and pack your luggage, run a bath and take care of your laundry and ironing service. The final touch to perfect the refined atmosphere in the rooms during the evening is the few drops of ylang ylang that are delicately placed on ceramic rings warmed by the bedside lamps.

The hotel prides itself on its cuisine, where native produce of the island is blended with a diversity of fine recipes from around the world offering a symphony of subtle aromas, tastes and colors which can be savored in the hotel's three restaurants. The lounge is decorated with wide sofas, comfortable armchairs and discreet lighting. Live musical entertainment is provided until midnight. There are many activities at The Residence Mauritius including water sports such

as water skiing, wind surfing, hobie cat, an array of different boating, and snorkeling. Other activities include tennis, aerobics, volleyball, the steam room and sauna, deep sea fishing, the Catamaran cruise, undersea walking and scuba diving. The Sanctuary Spa is a temple dedicated to the well being of the body and mind, offering a wide choice of massages, custom-made programs and Carita Haute Beaute treatments. More than a massage or sport center, The Sanctuary offers a unique concept in Mauritius with its original environment taking its inspiration from "zen" philosophy and where every consideration is given to your particular need.
