

# Wolwedans Dune Lodge

personalized service - embraced by a commitment to care for guest and nature alike - are our hallmarks.

Wolwedans is not a dune hotel or a one night stop over destination, which can be ticked off en-route to the next tourist hot-spot. It is a place to arrive, to be, to learn and unwind, whilst being looked after by a friendly and involved local team. Wolwedans provides an honest, relaxed and down-to-earth atmosphere, free of 'wannabe' fanciness and pretence.

Activities include scenic drives/flights, ballooning, photography, trekking trails, and sleep-outs. You will marvel at your exclusive chance to get up close and personal with nature... in the absence of five-star city luxury, marble bathrooms and air-conditioned rooms. A liberating thought. Wolwedans provides an intriguing window for you to experience the desert's elusive grandeur and breathtaking beauty. You have to bear in mind, however, that there are moments when the elements remind us of our human insignificance ... for as much as the desert kindles your spirits, it can also be harsh and unforgiving. If you are an open-minded and nature-loving individual in search of a distinctive desert experience far off the beaten track, Wolwedans is for you.
