

Hamiltons Tented Camp

An exclusive lodge situated in the world-renowned Kruger National Park. The style and atmosphere created at Hamiltons reflects a safari of a bygone era. Daily safaris are conducted in open Land Rovers reminiscent of the East African safaris period. Your experienced team of rangers and trackers will guide you in complete security to view the best game viewing experience available, either by vehicle or walks.

Six magnificent tents with mosquito nets, slipper baths and a superb view of the Ngwenyeni Dam are linked by raised timber walkways amongst ancient Jackalberry trees. Each tent also has air-conditioning and ceiling fans.

The open tented lounge and dining room are perched on wooden decks while a secluded swimming pool and viewing deck offer ultimate privacy. The camp is unfenced, providing the opportunity to view the wildlife from the comfort of the lodge.

Facilities include a butler service, silver service and personalised cuisine to cater for all your dietary requirements, making the stay at Hamiltons Tented Camp a luxurious experience to be treasured.
