

Phinda Forest & Mountain Lodges

Phinda Forest Lodge

Set in rare sand forest, the glass walls of Phinda Forest Lodge offer a sweeping view of one of the most unique ecosystems on the planet. The dainty forms of dwarf forest antelope dart among and below the suites, risen on stilts to float between the sandy forest floor and the leafy canopy above. Waking up to rustling forest sounds and bird song, surrounded by delicate leaf-filtered light, a pervading sense of peace and calm will set the tone for your entire day.

Fresh duiker tracks in the sandy paths point the way towards the lodge's rim flow pool, where you can relax in the shade of the wooded canopy. Invite the tranquility of the forest inside with you and take a soak in your oversized bathtub with huge glass windows offering yet another perspective on the play of leaves and light outside. Mealtimes on the open air dining deck bring about their own distractions, as monkeys frolic in the branches and an ever-changing assortment of wildlife grazes on the open plain in the distance. In the evenings, when warm firelight welcomes you to the boma, wide-eyed bush babies watch inquisitively from the dense foliage above.

Phinda Mountain Lodge

At Phinda Mountain Lodge a room with a view isn't just an option - it's an absolute guarantee.
