

# Rocktail Beach Camp

## Wilderness Adventures

Rocktail Beach Camp is set back in and shaded by the sanctuary of the lush Maputaland Coastal Forest covering the ancient dunes that make up the edge of South Africa's KwaZulu-Natal coast. With the Maputaland Marine Reserve just offshore and the beach a leisurely 20-minute walk

from the camp, there is world-class diving and snorkeling, remote, unspoiled beaches and other beach adventures to be had.

The camp consists of 17 rooms (9 standard rooms plus 8 suites), all of which with en-suite bathrooms, open-feel indoor shower and overhead fans. Seven of these are family suites with a shared bathroom and two bedrooms for two adults and two children. A honeymoon suite has wonderful views over the ocean and dune forest.

Rocktail Beach Camp also has a central dining room, bar and lounge with large wrap-around veranda. A raised viewing deck just off the veranda has wide views that extend out to the ocean. The camp's main area has a large pool, curio shop and children's playroom, complete with board games and other fun activities for families. From a scuba diving perspective, Rocktail Bay is unique. Not only is the diving conducted within a

Reserve and World Heritage Site along unspoiled reefs, but divers have the luxury of knowing that they alone have access to these sites and are the only underwater visitors along this stretch of the coastline.
