

# Seronera Wildlife Lodge

Seronera Wildlife Lodge is artfully constructed around a rocky outcrop from glass and wood elements, perfectly blending into its surrounding. Next to the lodge, several waterholes attract day and night the most amazing animals, providing a unique opportunity for a close encounter with the Big Five. In the heart of the Serengeti, Seronera Wildlife Lodge is located in the migratory route, providing front- seat viewing of this extraordinary natural phenomenon.

The Lodge has 75 spacious guestrooms, all affording stunning views over the Serengeti plains. Elegantly decorated in authentic traditional African style, the rooms are fully equipped with en-suite bathrooms, shower attachments, bathtub and central heating system. King – size beds are provided with mosquito nets over the air vents. A third bed is available on request, as well as limited baby cots. Among the 75 rooms, Seronera Wildlife Lodge offers 57 twin rooms (with twin beds), 17 double rooms (king – size bed) and 1 suite.

Built around an enormous rock in the heart of the Serengeti, it offers an unforgettable safari adventure and is just 2 minutes far from the departing point of hot – air balloon safaris. There are several activities for nature lovers to enjoy, which include day wildlife watching, game driving photographic safaris, specialized wildebeest migration safaris, ornithological safaris, a safari aboard a hot-air balloon over the endless plains of the Serengeti, and delicious picnics in the wild. Also, for those anxious to know the amazing culture of local tribes, visits can be organized to authentic Masaai villages; and, in the evenings, displays of traditional Masaai dance, song, performance and music are organized in the Lodge, as well as wildlife talks, videos and film shows
