

Ras Nungwi Beach Hotel

On the northernmost peninsula of Zanzibar Island, Ras Nungwi Beach Hotel overlooks a sparkling expanse of iridescent Indian Ocean, a cluster of whitewashed and palm thatched cottages in rich tropical gardens. Its myriad pathways are shaded by elegant palms, creating soft sun-dappled walkways between beach and banda, balcony and bar. Infused with the laid-back, exotic yet ultimately natural spirit of

Zanzibar, this is the place to relax and enjoy all that this extraordinary part of the world has to offer. The lush gardens drop down onto one of the finest and most unspoilt beaches on the island, which in turn is fringed by a wide and thriving coral reef. An eco-sensitive approach has ensured that the delicate balance of land and sea, flora and fauna is preserved for all to enjoy in the years to come.

Accommodation is in charming thatched chalets or lodge rooms, each with a private balcony and en-suite facilities. All rooms have beautiful hardwood furniture, opulent fabrics, and hand-crafted four poster beds shrouded beneath billowing mosquito nets. For those seeking a truly exclusive hideaway for all or part of their stay, Ras Nungwi's unique Ocean Suite provides the finest beach accommodation on Zanzibar Island. Coupled with Ras Nungwi's famous personal service and attention to detail, the Ocean Suite offers a truly unique and opulent beach experience.

Lazy days can be interspersed with some activity on the hotel's tennis court, a visit to the local village or further afield, or cycling along the beach. The hotel's on-site water-sports center offers a range of activities including scuba diving, deep sea fishing, snorkeling, wind-surfing, kayaking and traditional dhow cruises. For the ultimate in self-indulgence, the Peponi Spa features a collection of sublime

treatments. Set in tropical gardens, the hotel's Peponi Spa offers an array of rejuvenating, pampering and holistic treatments to calm the mind, body and soul. Built with the use of natural materials and designed using only warm tones and simple lines, it provides a calming atmosphere in which to completely relax. Restful music and the subtle aroma of essential oils also add to our spa experience. Experienced therapists conduct all treatments.
