Grumeti's spacious tents under makuti (palm frond) canopies and the vibrancy of colorful interiors - including hand-blown Kenyan glassware, African cloth and local sculptured furnishings - bring alive the excitement of Africa. Each tented suite features a large bed made of Tanzanian cypress and comfortable deck furniture both in and outdoors. En suite bathrooms offer separate w.c.s and alfresco showers open to the sun and stars.

Yoruba beaded antique artifacts adorn the sitting areas and domed bar. Spacious decks are perfect for sundowners overlooking the water. Delicious Pan-African cuisine – prepared on traditional 'jikos' (fires) or in stone ovens – is served in the boma or open-fronted dining area. Private dinners may be arranged for any special occasion.
