

# Serena Inn

## Stone Town Zanzibar

In the legendary Stone Town of Zanzibar, an island whose very name evokes East Africa's exotic past, stands Zanzibar Serena Inn. The ambience is elegant and romantic.

Set in two historic seafront buildings that have been masterfully restored, the Inn exploits its grandstand view of the Indian Ocean from every angle and every room. The Inn meets the highest standards of luxury hospitality. Visits to the Mangapwani Restaurant & Watersports Centre are available daily.

Accommodations are extremely welcoming and comfortable. Each guest room is appointed with details and artwork that reflect Zanzibar's heritage. All of our 51 rooms are air-conditioned and overlook the azure waters of the Indian Ocean.

A team of chefs create sumptuous meals which are served in convivial surroundings. Local seafood is a specialty, the variety matched only by the different methods used in its preparation. The service is warm, personal and attentive.

Interiors echo Zanzibar's rich Arabic influence - or *ustaarabu* - as well as the island's indigenous East African roots. Fully-equipped conference rooms and complete business services make Zanzibar Serena the natural choice for important business travelers.
