

The Chui Lodge

In the Great Rift Valley, just an hour and a half from Nairobi lies an exquisite paradise, called Chui Lodge. Offering five (plus one for children) breathtaking cottages, each individually designed with four poster beds, roaring log fireplaces and luxurious ensuite bathrooms. Each cottage has its own veranda with fabulous views over the Mau Escarpment.

Our Chefs emphasize on a diverse multicultural cuisine making use of an extensive kitchen and a tapinyaki hot plate. In close proximity is the swimming pool with stunning views of the waterhole, plains and Mau Escarpment.

Chui Lodge is set in Kongoni Game Sanctuary, a privately owned 18,000 acre sanctuary which is home to some of Kenya's rarer species such as White Rhino, Leopard, Cheetah, Oryx, Grevy Zebra and many more. Kongoni has 44 different mammal and over 300 identified bird species.
